Development Actions

Definitions:

Fee: a sum paid or charged for a city service.

Deposit: an act of placing an amount of money with the city to use for development expenditure.

Development Costs: The applicant is required to bear the full cost of the development review process, including but not limited to costs and fees for the City's planning consultant, engineer and attorney. The development fee schedule listed below represents an estimate of the minimum fees to cover these costs.

The initial application fee will be based on this schedule. If the City's fees exceed those initially paid, the City will invoice the applicant for such additional fees. The City will invoice the applicant for all fees accrued at the end of each phase of the development review process. All such invoices shall be paid to the City before the City processes the succeeding phase(s) of the development review process.

If any fee invoiced is not paid when due, the amount invoiced shall bear interest at the legal rate from the date of the invoice until payment is received. If collection action becomes necessary, the applicant agrees to pay the City's attorney fees and all costs of collection, including preliminary fees and costs, and those awarded at trial and on appeal.

Any questions regarding the applicant's obligations to pay fees under this paragraph shall be addressed to the City Administrator.
