MEMORANDUM

TO: BUDGET COMMITTEE MEMBERS

FROM: JORDAN PARENTE, BUDGET OFFICER

RE: BUDGET MESSAGE FOR FISCAL YEAR 2025-2026

DATE: APRIL 11th, 2025

This budget message provides background on financial policies in each of the City's funds and explains any changes from prior budget practices. The proposed budget for FY2025–26 continues to support the City's longstanding financial goals of:

- Maintaining expenditures at low while providing responsive public services;
- Evaluating contract services to retain the most effective professional support; and
- Apportioning general administrative expenditures as equitably as possible across budget funds.

BASIS OF ACCOUNTING

The City of Durham continues to use the **cash basis of accounting** for its revenues and expenditures. An owned item qualifies as a capital asset if it meets or exceeds the \$5,000 threshold.

This accounting method simplifies compliance with Governmental Accounting Standards Board (GASB) Statement 34, which requires capitalization and depreciation of assets in the City's combined financial statements. Under the cash basis, revenues are recorded when received and expenditures when paid, resulting in significant time and cost savings, including reduced audit fees.

CITY FUND STRUCTURE

Historically, Durham uses five funds to track general administration expenses and special revenue sources. These funds are called: General, State Street, TDT, SDC and Greenspaces. For FY2025–26, the City has created a Building Fund using cash reserves from the General Fund. The following tables provide a comparison between the actual ending budget for FY2023-24 with the adopted budget for FY2024-25 and the proposed FY2025-26 budgets' ending cash balances and total budgets across all funds:

ENDING CASH BALANCES BY FUND

	FY23-24	FY24-25	FY25-26
FUND	ACTUAL	BUDGET	BUDGET
General	\$1,640,325	\$1,488,695	\$909,322
State Street	\$2,233,497	\$1,559,889	\$1,626,694
SDC	\$169,837	\$142,605	\$34,404
TDT	\$15,463	\$463,869	\$317,567
Greenspaces	\$972	\$0	\$0
Building	-	-	\$772,500
Total	\$4,060,094	\$3,655,058	\$3,660,487

TOTAL BUDGET BY FUND, INCLUDING ENDING CASH BALANCES

	FY23-24	FY24-25	FY25-26
FUND	ACTUAL	BUDGET	BUDGET
General	\$2,129,147	\$2,136,239	\$2,360,311
State Street	\$2,365,113	\$2,517,139	\$2,795,716
SDC	\$169,837	\$199,055	\$210,461
TDT	\$15,463	\$465,219	\$473,624
Greenspaces	\$2,622	\$312,915	\$310,665
Building	-	-	\$0
Total	\$4,682,182	\$5,630,567	\$6,150,777

**Note: Fund Transfers that are spent in the same fiscal year appear as double entries when reporting Total Budget by Fund, Including Cash Balances. This discrepancy may give the appearance that more resources are allocated than available.*

GENERAL FUND - RESOURCES

Beginning Cash Balance. The beginning cash balance of \$1,813,949, and like all funds, is based on the balance on hand when the budget is prepared plus *good faith* estimates for revenues and expenditures through the end of the fiscal year. Staff monitor this resource until the final budget is adopted by the City Council in June. This figure may be adjusted if significant revenues or expenditures are realized before the close of FY2024–25. State budget law permits a 10% modification of the adopted budget by Council should the final balance differ materially. The accuracy of the estimate for cash on hand is determined when the annual audit is done following the end of the fiscal year. Depending on circumstances, these projections can be very close or quite a bit off.

Property Taxes. Durham’s permanent tax rate of \$0.4927 per \$1,000 assessed valuation is among the lowest municipal rates in the state due to the cap resulting from Measure 50. Annual property tax increases are capped at 3% by Ballot Measure 50. For FY2024-25 the Washington County Assessor assessed the total taxable value for Durham at \$266,998,841, which accounts for property values as of January 1st. As a result, new construction may only be partially considered. This value multiplied by the City’s tax levy of 0.4927 per \$1,000 of value and equals \$131,550.33 in property tax revenue. The budgeted amount listed is multiplied by the expected collection rate of 97%, totaling \$127,609, which is a resource for the General Fund.

As part of the budget process, the Budget Committee sets the property tax rate. It is recommended that it be set at the full allowable amount of \$0.4927 per \$1,000 assessed valuation. Property taxes for the General Fund will be filed on Form LB-50 after the budget is adopted.

FRANCHISE FEES

	FY23-24	FY24-25	FY25-26
UTILITY	ACTUAL	BUDGET	BUDGET
PGE	\$89,562	\$88,000	\$92,500
N.W. Natural	\$34,916	\$30,000	\$30,000
Pride	\$17,112	\$13,000	\$13,500
MACC	\$14,944	\$12,000	\$11,000
Tigard Water	\$28,169	\$28,000	\$28,000
CWS	\$17,458	\$17,000	\$15,500
Frontier	\$1,585	\$1,250	\$1,250
Total	\$203,746	\$189,250	\$191,750

Franchise fee revenue is projected at **\$191,750**, representing the single largest resource in the General Fund outside of property taxes. These fees are assessed as percentages of utility revenues generated within City limits and are paid by agencies including Portland General Electric, NW Natural, Tigard Water, MACC, and others. These revenues fluctuate based on usage and rate changes and are forecasts considering the current year's receipts.

Other Revenue Sources.

- **Interest earnings** are projected at **\$25,000**, reflecting gains from the State Investment Pool amidst continued high federal interest rates. This amount is expected to be less than the previous fiscal year due to the transfer of reserves to the new Building Fund.
- **Building Department revenue** (20% City share of permit fees) is forecast at **\$7,500**, driven by new home construction in Durham Heights and Durham Estates.
- **Permits and Licenses** are estimated at **\$25,000**, a stable revenue stream from telecom and business licensing.
- **Administrative fees** from developers and contractors are estimated at **\$2,000**.
- **State Shared Revenues** include:
 - Liquor Tax: \$28,234
 - Revenue Sharing: \$14,275
 - Marijuana Tax: \$2,812
 - Cigarette Tax: \$1,048

These projections are based on per capita distributions and Durham's updated population of **1,973**. These revenues have been declining in recent years and are susceptible to macroeconomic trends.

- **Miscellaneous and Grant Revenues** are not anticipated for the General Fund, due to less funds expected to be available through Federal and State opportunities.

Transfers In. Interfund transfers include:

- **\$109,022** from the State Street Fund.
- **\$6,057** from the SDC Fund.
- **\$6,057** from the TDT Fund.

Transfers to the General Fund account for the citywide administrative services of Funds.

Total General Fund Resources are projected at **\$2,232,704**.

Resources that are *Passed Through*. The proposed budget does not include fees charged to developers for planning services, arborist, attorney, building inspections, etc. as revenue. Traditionally, these professional services are billed at an hourly rate, based on the billing from the service provider to the developer or contractor and the amount collected is then remitted to the service provider. The proposed budget treats such fees as pass-through funds, neither actual revenue nor actual expenditure. The income and expense are tracked in the City's accounting system, but not as part of the budget. This has the effect of reducing the total budget and portraying only the costs for those services that are a true expense of the City.

GENERAL FUND - EXPENDITURES (Personal Services)

Personal Services. The General Fund provides compensation for two employees: the City Administrator and the Administrative Assistant. The Administrative Assistant compensation is based on findings from a 2012 study which resulted in the creation of a salary matrix. The personnel policy provides yearly adjustments based on the Seattle area CPI-U, currently set at 2.8%. The FY2025–26 budget reflects a stable staffing level, with key adjustments as follows:

- **City Administrator:** The position remains full-time, and salary increases come at the discretion of City Council. Compensation is adjusted according to the 2.8% Seattle CPI-U, and health insurance benefits cost savings are shared equally with the City.
- **Administrative Assistant:** The role is budgeted at full-time status for the second consecutive year. The budget reflects the maximum compensation Level 6 on the salary matrix, with hourly wages set at \$31.94. Health insurance benefits are included to ensure parity and retention.
- **Project Intern:** A \$5,000 stipend is budgeted again to fund specialized student assistance on tasks such as I.T., urban forestry mapping or records digitization.

Total Personal Services: \$242,270

Payroll-Related Costs

- **Payroll Taxes:** \$16,108
- **PERS Retirement (23.72% rate):** \$39,545
- **Medical Insurance (1 FTE):** \$14,350
- **Workers Compensation Insurance:** \$550

Administrative Assistant Salary History						
Year	Level 1	Level 2	Level 3	Level 4	Level 5	Level 6
2024 - 2025	\$ 25.14	\$ 26.35	\$ 27.52	\$ 28.69	\$ 29.88	\$ 31.07
2025 - 2026	\$ 25.84	\$ 27.09	\$ 28.29	\$ 29.49	\$ 30.72	\$ 31.94

GENERAL FUND - EXPENDITURES (Materials and Services)

The City anticipates increased investments in modernization, system upgrades, and ongoing municipal services.

Key highlights:

- **Information Technology:** Upgrades to computing systems and software systems continue and have been supported by grant funding. Email and website transitions to a secure .gov domain are planned.
- **Legal and Planning Services:** These costs remain conservative. Legal services are budgeted at \$52,500. Arborist and Planning, \$35,500 services are expected to remain within historical levels.
- **Parks Maintenance:** \$37,500 is budgeted for public property upkeep, irrigation, and trail maintenance. The City continues to receive favorable public feedback on the condition of its parks.
- **City Hall Lease:** Considering the lease expiration in March 2025, City Hall rent increased \$200 per month. The Building Fund has been established to pursue a potential purchase of the facility.

Total Materials & Services: \$432,200

GENERAL FUND - EXPENDITURES (Capital Outlay and Contingency)

The Capital Outlay for FY2025-26 is \$0 because no major capital purchases are planned.

Contingency: The budget sets aside \$25,000 to accommodate unforeseen expenses, consistent with Oregon budget law limits on mid-year transfers.

Transfers.

The budget includes an initial fund transfer of **\$750,000** from cash reserves to the Building Fund to establish the fund and ensure the City has a place of business. The budget also includes a transfer of **\$1,519** to the Greenspace fund to zero the balance due to lower than expected revenue in the current fiscal year.

STATE STREET FUND

The State Street Fund is a special fund for transportation-related uses, including street maintenance, pedestrian and bike infrastructure, and transportation planning. It is supported by the City's share of state highway revenues and county gas taxes.

Resources.

For FY2025–26, the City projects total resources of **\$2,795,716**, with a beginning cash balance of **\$2,327,662**.

Additional revenue includes:

- **State Highway Tax:** \$142,753
- **Washington County Gas Tax:** \$3,778
- **Vehicle Registration Fee (Washington County):** \$25,000
- **ODOT Grant (projected):** \$250,000
- **Interest Income:** \$45,000
- **1% State Gas Tax for Bicycle and Pedestrian Facilities:** \$1,523

These figures reflect both historical receipts and current year-to-date activity.

Expenditures.

Materials and Services are budgeted at **\$220,000**, covering:

- Routine road maintenance
- Engineering or planning work related to future street improvements
- Street lighting upgrades and electricity costs

Capital Outlay includes:

- **Street Projects:** \$450,000
- **Sidewalks and Paths:** \$100,000
- **ODOT Grant (if awarded):** \$250,000

Total Capital Outlay is budgeted at **\$800,000**, aligning with the City's ongoing strategy of preparing for major infrastructure investments, even if shovel-ready projects are not yet identified.

Transfers.

The fund includes an interfund transfer of **\$109,022** to the General Fund, reflecting a 45% allocation of citywide personal services cost for administering the State Street Fund.

SDC (SYSTEMS DEVELOPMENT CHARGE) FUND

The local SDC Fund tracks revenues and expenditures from both **Parks SDCs** and **Streets SDCs**, which are one-time fees assessed on new development. The SDC rates have been in place since 1998 and are for projects that increase the system capacity or level of service in response to growth pressures included in the City's Capital or Parks Improvement Plans.

Resources.

For FY2025–26, total resources are projected at **\$210,461**, consisting of:

- **Beginning Cash Balance (Parks):** \$181,701
- **Development Charges (Parks):** \$23,760

- **Interest Income (Parks):** \$5,000

Like the TDT Fund, delays with developments in FY2024-25 mean the anticipated SDC revenue was lower than expected, resulting in a lower starting fund balance. Housing development in FY2025-26 will result in additional collections.

Expenditures.

The proposed budget allocates **\$150,000** for potential capital projects identified in the Parks Capital Improvement Plan. These could include enhancements to park infrastructure or capacity in response to ongoing residential development.

Transfers.

The fund includes an interfund transfer of **\$6,057** to the General Fund, reflecting a 2.5% allocation of personal services cost, for administering the SDC Fund.

TDT (TRANSPORTATION DEVELOPMENT TAX) FUND

The TDT Fund accounts for revenues and expenditures related to Washington County's countywide TDT program. This fund collects fees during the building permit process on new residential development to help fund regional transportation infrastructure improvements.

Resources.

Total resources for FY2025–26 are projected at **\$473,624**, including:

- **Beginning Cash Balance:** \$259,770
- **Development Charges:** \$206,604
- **Interest Income:** \$7,250

The TDT beginning balance is less than expected due to development delays in FY2023-24. Continued housing development in FY2025-26 means that additional TDT revenues will be collected.

Durham anticipates collecting TDT funds for new residential construction at Durham Heights and Durham Estates. Effective July 1, 2025, the TDT rate will increase to **\$12,433** per single family dwelling.

Expenditures.

The City budgeted \$50,000 for road improvements and \$100,000 for sidewalk improvements from the TDT Fund. Durham's share of the County's Capital Improvement Plan includes a Tualatin River crossing upgrade project, but the design work has not yet commenced and is unlikely to happen in the coming fiscal year.

Transfers.

The fund includes an interfund transfer of **\$6,057** to the General Fund, reflecting a 2.5% allocation of personal services cost, for administering the TDT Fund.

GREENSPACES FUND

The Greenspaces Fund manages funds committed to preserving and improving Durham's natural areas. The primary funding source is Durham's allocation from the **Metro Local Share** of the 2019 parks and nature bond. The city will most likely require additional staff resources to complete this project.

Resources.

Total resources for FY2025–26 are projected at **\$310,665**, comprised entirely of a **Metro Local Share grant allocation**. This grant does not require matching funds and is available through **December 31, 2030**. The City has not yet begun the formal application process, but funds are included in the budget to enable access once projects are identified.

Other minor revenues include:

- **Beginning Balance:** Negative placeholder of **(\$1,519)** to balance technical entries
- **Transfer in from General Fund:** **\$1,519** to bring the fund to a zero balance as less funds were received than expected in FY2023-24
- **Investment Income:** \$0 forecasted

Expenditures.

The City anticipates using this fund to implement park improvements identified in long-range planning. The budget includes the Metro Local Share grant in the event the City has staff capacity in FY2025–26. The 2.5% transfer to the General Fund for personal services costs are not proposed currently due to a lack of funds.

BUILDING FUND

The City of Durham has had over three happy decades as a tenant in its current City Hall location and is establishing a Building fund so this may continue. During lease negotiations, the City's landlord was reluctant to commit to more than a two-year lease, as to not burden a new owner in the event of a sale. There are little to no suitable options for leasing in Durham and relocating City Hall would be burdensome. The City negotiated the first right of refusal to purchase City Hall in its renewed 2025-2027 lease. The Fund established sets out to fully capitalize **\$1,500,000** in cash reserves by the start of Fiscal Year 2026-2027. This is based on City Hall's Real Market Value, as determined by the Washington County Assessor plus anticipated transactional fees. No additional taxes, bonds or assessments are planned for the Building Fund. The City may pursue an interfund loan from the cash reserves in its other Funds, if needed.

Resources.

Beginning Balance: The new fund has a **zero-beginning balance**.

Transfers and Income: The fund is capitalized through a transfer of cash reserves of **\$750,000** from the General Fund. It is anticipated the Building Fund will earn **\$22,500** in interest income in FY2025–26.

Expenditures.

The 2.5% transfer to the General Fund for personal services costs are not proposed currently due to a lack of funds. There are currently **no planned capital expenditures** for FY2025–26.

FUNDING THE FUTURE

For several years, the potential need for a **Local Option Levy** has been noted in the City’s long-term financial planning. Through careful fiscal management, efficient staffing, and the strategic use of fund transfers, Durham has continued to avoid this path. The FY2025–26 budget reflects continued financial stability without the need for increased taxation.

The City’s ability to maintain strong fund balances across all operating areas, especially in the **General Fund**, has made it possible to **create the new Building Fund** without seeking voter-approved bonds or additional taxes. The intention is to capitalize at least **\$1.5 million** at the start of FY2026-27 to support the **acquisition of Durham City Hall**. The City holds a **two-year lease and first right of refusal to purchase**.

Looking ahead, the City’s financial future remains influenced by the following trends:

- **Limited new development:** Buildable land within Durham remains scarce, and long-term growth is expected to taper off once current subdivisions are completed.
- **Rising service costs:** The City’s reliance on intergovernmental agreements for police and other contracted services means that inflation and regional wage trends will likely continue to exert pressure on the General Fund.
- **Unstable economic outlook:** An economic downturn is a looming possibility. This may greatly increase City expenses due to proposed tariffs on goods and greatly decrease revenues, namely fees associated with development. Revenues received through State and Federal funding and grants are also in jeopardy.
- **Staff retention and modernization:** Competitive compensation and investment in digital services remain necessary to attract and retain qualified personnel and maintain high-quality administrative services.

Despite these challenges, the City remains committed to:

- Limiting costs through efficient staffing and shared service models;
- Maximizing the use of grants and intergovernmental resources;
- Planning responsibly for future infrastructure and facility needs.

As such, **no Local Option Levy is proposed at this time**, but the issue may warrant reevaluation in future years depending on development trends, contract service inflation, and facility needs.

The FY2025–26 budget reflects Durham’s ongoing commitment to conservative financial management and community-oriented planning. It meets current priorities while thoughtfully preparing for what lies ahead.

MEMORANDUM

DATE: May 22nd, 2025
TO: Budget Committee
FROM: Jordan Parente, City Administrator
RE: Budget Items: Interfund Transfers and Building Fund

On April 27th, 2025, Durham held the first Budget Meeting, and two main issues **Interfund Transfers** and **Building Fund** were held over for the following meeting. This Budget Memorandum seeks to clarify the issues and propose a path forward.

1. Interfund Transfers

Expenses associated with operating the City's funds are accounted for by performing interfund transfers to the General Fund. The City initially calculated an interfund transfer amount to charge funds and has increased this amount proportionally over time based on changes to the General Fund's Personnel Expenses. The Budget Officer submitted a new calculation in the Fiscal Year 2025-26 Proposed Budget that allocated 45% of the Personnel Expenses to the General Fund and Street Fund, and 2.5% of the Personnel Expenses to the Transportation Development Tax, System Development Charges Funds. No transfers are recommended from Greenspace or the proposed Building Fund, due to the lack of required funding. Based on feedback from the first Budget Meeting, the allocation of Personnel Expenses requires more data. The Budget Officer recognizes the apportioned fee will need adjustment and other General Fund expenses should be added, such as accounting and (City Hall) operating costs.

Recommendation: For future budgets, the Budget Officer recommends formalizing a policy to define how the General Fund will apply an **Administrative Fee** to the other funds in future years. **The Budget Officer recommends moving forward with the proposed interfund transfers as an interim step.**

2. Building Fund

The budget proposal to initiate a Building Fund also generated a lot of discussion. The following is a 30-year cost comparison with four options for securing office space for the City of Durham. The model accounts for rent escalations, property appreciation, borrowing costs, rental income, and operating expenses.

Options Evaluated:

1. Lease Existing Office Space

Lease 1,000 sq ft at \$28.50/sq ft, increasing 2.5% annually.

2. Purchase City Hall Building

Purchase price: \$1,563,014 at 3% interest. Includes property taxes, rental income (\$2,500/month net of 10% management and \$7,500 expenses), and 5% opportunity cost on a \$750,000 down payment. Buildings appreciate \$31,507 annually.

3. Construct New City Hall on City-Owned Land (1,500 sq ft)

Build in 2027 at \$1,000/sq ft. No land cost. Entire cost financed at 3% interest. Asset valued at \$2,000,000 in 2027, appreciating \$31,507/year. City-owned land is valued at \$1,500,000.

4. Purchase Land and Construct New City Hall (1,500 sq ft + \$1.25M land)

Same as Option 3 but includes a \$1,250,000 land purchase in 2027. Total project cost is fully financed at 3%.

30-Year Financial Results:

30 Year Financial Results			
Option	Leasing vs Option Breakeven Year	30 Year Net (Cost - Asset Value)	Asset Value
1. Lease	-	~\$1,800,000	\$0
2. Purchase City Hall	Year 20	~\$165,000	\$2,508,224
3. Build on City Owned Land	Year 14	(~\$2,982,196)*	\$4,382,196*
4. Purchase Land & Build	Year 23	(~\$2,732,196)	\$4,132,196

30-Year Financial Outcomes (Net Cost After Appreciation):

- Leasing produces no equity and has the highest cumulative cost, surpassing \$1.8 million by Year 30.
- Purchasing the existing City Hall becomes more favorable than leasing after Year 20. This results in older improvements but more square footage and rent revenues.
- Building a new City Hall on land already owned by the City is the most cost-effective strategy over the full term, breaking even with leasing in fewer than 15 years. This option takes advantage of an existing City asset with a starting value of \$1,500,000. Arguably, the Asset Value for all other options could be increased by this amount.
- Purchasing property to build a new City Hall costs more up front but still outperforms leasing by a wide margin and closes the gap with purchasing by Year 25.

Recommendation:

If the City intends to retain office space long term and owns suitable land, constructing a new facility offers the most financially prudent path. However, this path also includes political hurdles of developing City-owned land that Durham's residents and guests treat as park. If land must be purchased, construction still outperforms leasing and becomes competitive with purchase in the longer term. **Purchasing the existing City Hall property provides a reasonable middle-ground option.** Leasing, though flexible, is the least cost-effective over time and should only be used for short-term or transitional needs.

MEMORANDUM

DATE: June 20th, 2025
TO: City Council
FROM: Jordan Parente
RE: Budget changes

On April 29, 2025, the Budget Committee held a hearing regarding State Revenue Sharing. The Budget Committee conclude discussions on the new proposed Building Fund and Interfund Transfers and met again on May 27, 2025. On May 27, 2025, the Budget Committee recommended the proposed budget changes:

1. Transfer \$86,450 from the Streets Fund to the General Fund.
2. Transfer \$7,600 from the SDC Fund to the General Fund.
3. Transfer \$1,700 from the TDT Fund to the General Fund.
4. Transfer \$273.25 from the General Fund to the Greenspaces Fund in the current fiscal year (2024-2025) and no transfers between these two funds in Fiscal Year 2025-2026.
5. The Budget Committee proposed a total transfer amount of \$95,750 to the General Fund.
6. The Budget Committee agreed with the Budget Officer's recommendation to transfer \$750,000 from the General Fund to the newly created Building Fund.

The end balances in all funds were adjusted to account for the above changes.

D. **BUDGET MESSAGE PRESENTED BY BUDGET OFFICER.**

City budget officer, Jordan Parente, presented the initial budget proposal for the 2025–2026 fiscal year. The fiscal year will begin on July 1, 2025, and run through June 30, 2026. A second budget meeting may be held if needed, and Council is expected to adopt the budget in June.

Overall, the budget remains like last year's, with the most notable change being the introduction of a proposed Building Fund. The City's financial health continues to improve, with growing cash reserves and conservative revenue estimates. Steady growth is expected in building fees and permits, while franchise fees and property taxes remain the largest sources of revenue. The total proposed budget across all funds is \$6,150,777.

Among the significant revenue streams is the State Street Fund, which will receive a healthy contribution from the state. CPIU for the fiscal year is set at 2.8%. On the expense side, personnel costs are a major component, covering the city administrator and administrative assistant. Personnel expenses total \$242,270. Another major cost is police services, provided through an intergovernmental agreement with the City of Tualatin.

The general fund is proposed at \$1.8 million, with a proposed transfer of \$750,000 to establish a new Building Fund. The Street Fund is also strong, with a balance of \$2.3 million, and a proposed \$109,022 transfer to the General Fund. Personnel costs are split primarily between the General and State Street Funds (each covering 45%), with smaller allocations from other funds like the SDC (System Development Charges) and TDT (Transportation Development Tax), which contribute about 2.5%.

The SDC fund, which receives developer contributions (currently around \$1,300 per new home for parks), is growing and includes a \$6,000 proposed transfer to cover administrative costs. The TDT rate, set by the County, is increasing to \$12,433 per home starting in July. These fees are designed to keep pace with new development—Durham Heights, for example, has added around 10% to the housing stock, suggesting a need for proportional investment in infrastructure like parks and transportation.

Finally, the Green Space Fund—used in conjunction with Metro grants—will be replenished at the start of the year with a transfer to offset its negative balance. Up to 10% of those funds may also be used to cover related personnel costs.

This biggest proposed change to the City's budget is to establish a new fund, with the specific purpose of setting money aside for a potential building purchase to house City Hall. The City has leased its current location for City Hall since 1991. The rent, while incredibly affordable, has recently increased over 20%. The landlord has also indicated a likely sale of the building within the coming years. During the lease renewal process in March, "first right of refusal" was added to the lease language. This will give the City the option to purchase the building in the case of a sale.

In addition to the building that houses City Hall, there is another building with several office suites that would likely be sold alongside. Mr. Parente gave the committee members a breakdown of costs to lease or purchase, along with estimates for maintenance, management fees, and interest costs. Some concerns were raised regarding the age of the buildings and what upkeep and upgrades would end up costing. On the other hand, the City may be able to gain a new revenue stream by owning and leasing out the other office suites tied to the property.

Overall, the location and size of City Hall's current location are ideal, however, Mr. Parente stressed the need to start thinking about the future and plan now for a potential purchase or new build in the scenario the property goes up for sale. He also assured the committee members that having the funds set aside does not mean the money is mandated for use. If the City decided to go in a different direction, the funds could be moved back into the general fund.

Questions were raised about building on City land or potentially adding a bond measure to pay for a new build. It was acknowledged that both options would be a tough sell to residents, but it is important to keep them in mind. The remainder of the discussion was talking about the various ways to finance a purchase or potential build. For now, the question is: does the City agree to move money into this new fund now and then decide further down the road how to deploy those funds towards a permanent City Hall location? The committee will discuss further at the next meeting.

E. PUBLIC HEARING ON STATE REVENUE SHARING.

Chair Gifford opened a public hearing on possible uses of state revenue sharing. There was no public comment. Chair Gifford closed the public hearing.

F. DISCUSS AND APPROVE BUDGET ITEMS.

The budget discussion transitioned into a more detailed analysis, beginning with the general fund and specifically the methodology behind revenue transfers. A central point of debate was the justification and defensibility of how personnel costs are allocated across various funds. Mr. Parente, who prepared the budget figures, explained his method: he allocated 45% of personnel expenses to both the general fund and the street fund, and the remaining 10% was spread across smaller funds like the SDC and TDT, which are becoming more administratively demanding due to recent development.

There was some concern from others about whether this 45% allocation—particularly the \$109,000 transferred from the State Street Fund—would be acceptable to auditors or meet legal requirements. While Mr. Parente consulted with auditors and was told it's largely an internal matter, some committee members remained unconvinced about the potential audit implications. The main issue was whether there is sufficient documentation to justify these percentages, since there is no formal time tracking for how staff time is split among the funds.

An alternative approach was suggested: to base transfers on a standard percentage increase over the previous year's figures. Using this method, and applying a 5.1% increase, the transfer total would come out closer to \$87,000–\$89,000. This more conservative approach has been used in the past and has gone through audits without issue.

The last item noted was the City has applied for a \$250,000 Small City Allotment Grant to support anticipated road work in the upcoming year. These projects will be labor-intensive and contribute to the justification for the personnel cost allocations.

Due to time constraints, discussion was paused until the next meeting at the end of May.

Before adjourning, Councilor Streicher asked for 3 items to be earmarked for the budget: 1) technology be added to City Hall that will make it easier for remote participation in City meetings (e.g., a projector with screen, tv with a camera, etc.), 2) add email direct addresses for councilors and mayor, and 3) more visibility for city staff and board members on the City's website by adding head shots.

G. SET ADDITIONAL BUDGET COMMITTEE MEETINGS, AS NECESSARY.

A second budget meeting will be held Tuesday, May 27, 2025 at 6:30 PM at the Juanita Pohl Center.

H. ADJOURN.

Mayor Drake adjourned the meeting at 7:36 PM.

C. **DISCUSS AND APPROVE BUDGET ITEMS.**

The Budget Committee discussed final adjustments and approvals related to the annual budget, including the establishment of a new building fund. The building fund will be created by transferring \$750,000 from the general fund, with the option to return the funds if unused.

Updated administrative cost transfers were proposed based on a revised increase of 12.9%, reflecting both wages and professional fees (legal, audit, and accounting). This replaces the previously considered 5.1% wage-only increase. The revised transfers are as follows:

- \$86,450 from the street fund to the general fund
- \$7,600 from the SDC fund to the general fund
- \$1,700 from the TDT fund to the general fund

Total transfer amount: \$95,750

It was noted that the green space fund currently carries a negative balance of \$273.25. The Budget Committee agreed to make that fund whole with a year-end transfer. The green space fund's typical allocation was redistributed among the other three funds to maintain the total transfer amount.

There was discussion about equity in contributions from SDC and TDT funds. Although in past years the TDT fund lacked sufficient resources, it now has a higher balance than the SDC fund. The Budget Committee agreed to revisit allocation proportions next budget cycle.

The Budget Committee also reviewed a budgeted increase for mosquito control services (\$1,500), anticipating reduced county funding. Additionally, there was discussion about the city newsletter budget increasing from \$2,250 to \$6,500 due to expanded distribution. The Budget Committee discussed potential future transitions to digital-only newsletters, with an opt-out system planned to help manage paper costs.

Discussion continued regarding street fund budgeting, including a \$250,000 grant application for street repair work (Rivendell, Woody End, and Arkenstone), contingent on ODOT approval.

In the SDC fund discussion, it was reiterated that Durham's \$1,320 fee is significantly lower than surrounding cities. Staff will investigate whether the current methodology allows for CPI-based increases. If not, a formal update study will be required.

No active projects are currently budgeted in the TDT fund, but potential future uses were discussed, including the Durham-Tualatin bridge and other regional transportation improvements. It was clarified that TDT funds can only be spent on approved capacity-adding projects.

Regarding the green space fund the Budget Committee noted the existing balance and discussed reimbursement processes related to Metro grant funding for accessibility improvements. The city must show commitment to spending these funds by next year.

The Budget Committee confirmed the setup of a new building fund and concluded the discussion by moving to adopt the full budget as revised.

Mayor Drake moved to approve the 2025/2026, including the establishment of a new Building Fund. Councilor Lee seconded the motion. The vote passed (8-0).

NOTICE OF PUBLIC HEARINGS
FOREST GROVE PLANNING COMMISSION
ECONOMIC OPPORTUNITIES ANALYSIS UPDATE
FILE NUMBER 311-25-000002-PLNG

NOTICE IS HEREBY GIVEN that the Forest Grove Planning Commission will hold a public hearing on **Monday, March 3, 2025**, or thereafter, at the Community Auditorium, 1915 Main Street and via Zoom video conferencing, to consider approval of the City’s Economic Opportunities Analysis (EOA) Update. The EOA Update is a legislative amendment to the Forest Grove Comprehensive Plan and the Planning Commission will consider this proposal and base its decision on applicable policies in the Forest Grove Comprehensive Plan, Metro Regional Framework Plan, the Metro Urban Growth Management Functional Plan, and Oregon Administrative Rules Chapter 660-009 pertaining to Oregon Statewide Land Use Planning Goal 9 (Economic Development).

At the time and place noted above, all persons will be given reasonable opportunity to give testimony about the proposal and how the proposal addresses the review criteria. If an issue is not raised in the hearing (by person or by letter) or if the issue is not explained in sufficient detail to allow the Planning Commission to respond to the issue, then that issue cannot be used for an appeal to the Land Use Board of Appeals.

The hearings will be held in a “hybrid” format allowing the public to attend the meeting virtual via Zoom and in-person. A copy of the meeting agenda with Zoom instructions and staff report are available seven days prior to the hearing and are published on the City’s website at www.forest-grove-or.gov. To provide testimony via Zoom, please email scurtis@forestgrove-or.gov at least 24 hours prior to the hearing. Written comments or testimony must be submitted at the hearings or sent prior to the hearings to the attention of the Planning Commission Coordinator, P.O. Box 326, 1924 Council Street, Forest Grove, OR 97116, scurtis@forestgrove-or.gov. Questions about the proposal should be directed to Daniel Riordan, Senior Planner, at (503) 992-3226 or driordan@forestgrove-or.gov.

Pursuant to Section 50.40.4 of the Beaverton Development Code, public notice of the following development application is being provided:

LU2025-00193 DIVISION MEADOWS SUBDIVISION EXTENSION (EXT22025-00192 / EXT22025-00214 / EXT22025-00215 / EXT22025-00216 / EXT22025-00217)

The applicant, 7 Oaks Engineering, Inc., requests approval for a two-year extension of the Division Meadows applications that were originally approved on April 12, 2023: LD2022-0001, ADJ2022-0001, ADJ2022-0002, TP2022-0001 and LLD2022-0004. The applicant will not modify the original design, use, or conditions of approval from the previously approved applications.

The original approvals were for a Preliminary Subdivision, two Minor Adjustments, Tree Plan Two, and Legal Lot Determination approval to subdivide an existing tax lot to create nine (9) new lots and construct a three-quarter local street for access. The first Minor Adjustment is to reduce the standard lot size of the R7 zone for Lot 1 from 7,000 square feet to 6,300 square feet. The second Minor Adjustment is to reduce the standard lot width of the R7 zone by ten percent from 65 feet to 58.5 feet for Lots 2 to 7. The Tree Plan Two is required to remove 43 of the 55 Community Trees on site. The Legal Lot Determination will memorialize the existing lot as a legal lot of record.

The site is located at 15660 SW Division Street, specifically identified as Tax Lot 02900 on Washington County Assessor’s Map 1S117CA. The site is zoned Residential Mixed C (RMC) and is located in the West Beaverton Neighborhood Association Committee (NAC) area. The site was originally zoned R7 Residential Urban Standard Density District (R7) when the applications were first submitted in 2021.

Any decision on the above development proposal shall be based on the Approval Criteria contained in the following section of the Beaverton Development Code: Section 50.93 Extension of a Decision.

NOTE: The Community Development Department is currently open to the public on a limited basis, Monday through Thursday from 8:30 a.m. to 4:30 p.m. Please note that the Community Development Department is not open to the public on Fridays at this time.
